Summary

After working and studying in two different countries, I got my Master's Degree in Law at the University of Bologna, Italy. Studying in a such competitive environment allowed me to gain advanced expertise on the subject and obtain the tools to completely achieve the targets required.

During my work experience in an important Law Firm, I have deeply developed customer service's skills while interacting with local and international clients in Italian, English, and Spanish.

Because of my passion for the wine industry, I got a Master on Food and Wine Law, which broadened my knowledge on the subject.

I obtained the title of Sommelier at the Italian Sommelier Association (A.I.S.), where I got my Master's Degree.

I have been participating in several wine tasting, industry trade shows, and tours of the principal European and South America wine's capitols/regions.

I worked at two important wineries in Chianti participating in all the production phases, in the vineyard, in the cellar, wine tasting, hospitality and wine marketing.

I am the founder of Never Wine Alone, internet blog and sommelier tasting service's company for private events.

Since January 2020 I have been enrolled in the first level master's degree in "Management and Marketing for wine companies" University of Florence, Florence (Italy)
